

Testimonials from Students + Parents:

"Kevin helped my nephew edit his Personal Insight Essays for applying to UC schools. His editing suggestions really improved the essays. He supported my nephew through multiple drafts. His suggestions were extremely thoughtful and thorough. Thanks in part to his help, my nephew was accepted into UC Berkeley and UCLA. Highly recommended!"

- Jaime de la Garza

"Quick at strategizing ideas and helping in forming excellent essays, Kevin expands bunched-up words into broad insights through his questions and advice. He is very quick to notice grammatical errors and bends his own time to help! The best tutor ever."

- Jess M.

"Kevin was very encouraging at our sessions. He provided plenty of material, but I never felt overwhelmed. We quickly narrowed in on what I needed to work on, and he was very considerate of how I wanted to spend our time. Each practice test, I improved and felt more confident. I looked forward to each meeting because I knew my effort was worth it. I'm very thankful to Kevin, and I'm happy with my SAT score!"
